

Happy Mother's Day

As we enter the month of May, let me wish all of you a very Happy Mothers Day!

This day is truly a much needed celebration of parenthood and motherhood in a society that no longer places the proper value on these roles. And yet, there are those that would seek to destroy Mother's Day and all it represents; and some of them sit in the U.S. Senate.

If Senate radicals like Ted Kennedy (D-Massachusetts) and Barbara Boxer (D-California) get their way, Mother's Day may be a thing of the past. These two liberals, and others like them, are attempting to push ratification of the radical, left-wing U.N. treaty Convention on the Elimination of All Forms of Discrimination Against Women (CEDAW). This treaty, if approved by the Senate, would become the law of the land. And those in charge of enforcing this treaty have already ordered the country of Belarus to *stop celebrating Mother's Day*. They have also publicly encouraged China to *legalize prostitution* and told Slovenia that the country should have *more three-year-old children in government day care programs*.

Ratification of CEDAW would be devastating to our country, so Concerned Women for America (CWA) is fighting hard against it. Please be sure to stay informed on this vital issue by regularly checking our Web site. This battle may be the most important one CWA ever fights and could very well determine the shape of our country's future. Be sure to keep this in your prayers.

And, while we still can, I wish you a Happy Mother's Day from all of us here at CWA.

Sincerely,
