

CWA of California Election Alert

October 24, 2008

Let's Get Out the Vote

There is much you can do between now and November 4.

We are just days away from a crucial election for our state and our nation. It is our duty to be part of the electoral process, and we must vote – but we can do more. We can volunteer for and donate to candidates and issues that reflect our values. We can share important election information with our church, friends, co-workers and families. The information below is designed to help you do just that. Please share it with others.

CWA takes positions on ballot propositions that involve our six core issues. For this election, those are Propositions 4 and 8, both of which we support.

Election Do's

Do pray. There are battles, seen and unseen, that require us to be on our knees every day between now and November 4 asking God to draw His people to the polls and guide their decisions on election day.

Do be informed and help others understand the issues and where the candidates stand. See links to helpful election tools below.

Do sign up to help get out the vote for Prop 8 on election day.
Go directly to <http://protectmarriage.com/electionday> and choose a block of time to help get pre-identified "yes" voters to the polls.

Do donate to Prop 8. The opposition is raking in funds from Hollywood and liberal elites. We need to counter them with a huge grassroots effort in these last few days before the election.

Do view and share CWA's [iCare About More ad](#) and our [Election Sunday Package](#) (includes multimedia and other helpful information), as well as the valuable links included below.
