Dear Ms. Rios:

Thank you for your letter of December 16th. We have checked the 12 adult content web sites you referenced and confirmed that 11 do not accept the American Express Card as payment. We were not able to locate the American Express logos that appeared on the print-outs you sent us, so they have apparently been taken down.

One site you referenced was indeed accepting the American Express Card, which is counter to our policy. We have terminated that account.

Thank you again for taking time to contact us. To the extent you identify another merchant that may have circumvented our policy, we would appreciate you letting us know so we can take appropriate action.

Sincerely,

A handwritten signature in blue ink, appearing to read "Susan Korchak".
